NOTE: We’re temporarily changing license restrictions on the majority of our videos to allow for use in your web streams. Our standard End User License Agreement is below, but we wanted to share some information about our temporary streaming allowances first. A few quick FAQs:

Q: Can I Add Mini Movies to Our Online Services?
A: Videos can be included in your streaming services if they have the option of Web Licensing listed on their product page. Simply check "Add Web License" on the product page before adding it to your cart.

Web License details:

The web license includes our standard license (public performance in a single setting), as well as a couple of additional features:

The Web License allows you to:
- Post the video on your website (using a native player)
- Include the video in a live stream of your service online
- Include the video in a recording of your service online

The Web License DOES NOT allow you to:
- Upload the video to youtube or other video sharing sites, outside of a service recording (This means that while you CAN upload this as a part of your service video, you are not able to upload the video solely on its own onto your sharing server.)
- Broadcast the video on television

Q: Can I Include Worship Tracks to Our Online Services?
A: While copyright laws and some social sharing sites’ privacy policies will prevent you from streaming or posting most worship tracks, we have compiled here all of the tracks that you can include in your online services. Temporarily, Every track from WorshipTeam.tv and Playback Media can be streamed as long as you have a [CCLI Streaming License](https://www.ccli.com/) (or other copyright solution).

Q: Can I Include Backgrounds to Our Online Services?
A: Motion & still backgrounds on our site can all be incorporated into streaming services.

Q: Can I Include Countdowns to Our Online Services?
A: All [countdowns](https://www.worshiphousemedia.com/countdowns) on WorshipHouse Media can be included in any of your online worship services.

Q: What about content not addressed here?
A: We’re working really hard to make as much of our content available as possible. In some cases, there are other copyright issues that are outside of our control. Any content not addressed above is still governed by our standard End User License Agreement below.

Q: What about media I’ve already purchased?
A: If you’ve purchased a mini movie or kid’s video that now includes a Web License it can be found in your My Media as a download option. You don’t need to repurchase the video to receive this. If you’ve purchased a Worship Track that you would like to use, just make sure it is one of the participating producers (WorshipTeam.tv, Playback Media.)
